**Stellenbeschreibung**

Notice

\*\*\* This is one of the vacancies which are published in preparation of a recruitment event for the Stuttgart area. Selected applicants will be invited for interviews in Stuttgart (December 06 to 08, 2011). Travel and accommodation expenses will be paid from Barcelona (special flight) to Stuttgart and back.\*\*\*

Please only apply for this open position if your Spanish language is fluent and your German language skills match at least basic level.

Company:

We are a medium sized company who is centrally located between Stuttgart, Ludwigsburg and Heilbronn. is dealing with the production of measuring, inspection and automation technology. Our instruments an system are manufactured on special requests of our customers.

We have well-known customers in the field of car component companies and car manufacturers at home an abroad. The instruments an systems are used world-wide, both in the development and production process as well as in the final inspection of industrial products an devices.

Are you an electrical engineer or a computer scientist with electrical know-how! Are you looking for a high-tech German company with international connections? Are you very proficient in spoken English and do you have basic knowledge of German? If so, please go on reading!

We are looking for an electrical engineer who is familiar in both analog and digital technology. Knowledge of the programming languages Basic, Pascal or C, PC technology and programmable logic controllers would be an advantage. Your are responsible in planning your own assigned project, the schematic and layout design, the construction of the mechanical design using CAD, programming, testing, commissioning and maintenance of our equipment and service calls at the customer site.

Your way of thinking is goal-oriented and you are able to work independently as much as working in teams. You work reliably and you capture complex relationships quickly and accurately. Customer focus and communication skills are self-evident.

If you are curious about what ITSoft can offer you, send us your complete application in English as a PDF-file to the following email-adress:

[ludwigsburg.arbeitgeber@arbeitsagentur.de](mailto:ludwigsburg.arbeitgeber@arbeitsagentur.de)

Please refer to the following reference number: 10000-1075970630-S.

We are looking forward to hearing from you.
