WIR BIETEN

Tätigkeit

Arbeit: Technical Support Engineer (Ingenieur/in - Elektrotechnik (allgemeine Elektrotechnik)) - Diplom (Uni); ein offenes von ursprünglich einem gemeldeten Angebot; Sozialversicherungspflichtige Beschäftigung; Keine Führungsverantwortung

Stellenbeschreibung

The Company is a leading global information and communications technology (ICT) solutions provider. Through our dedication to customer-centric innovation and strong partnerships, we have established end-to-end advantages in telecom networks, devices and cloud computing. We are committed to creating maximum value for telecom operators, enterprises and consumers by providing competitive solutions and services. Our products and solutions have been deployed in over 140 countries, serving more than one third of the world's population.

The Company's vision is to enrich life through communication. By leveraging our experience and expertise in the ICT sector, we help bridge the digital divide by providing opportunities to enjoy broadband services, regardless of geographic location. Contributing to the sustainable development of the society, economy, and the environment, The company creates green solutions that enable customers to reduce power consumption, carbon emissions and resource costs.

Key Responsibilities:

- Provide Level 1/Level 2 technical support service to our customers independently or jointly with the technical support team.
- Conduct project implementation and technical supervision of subcontractors or service partners.
- Provide training to customers, subcontractors or service partners.
- Provide pre-sales support for testing, bidding or workshops.

Qualification/Skills/Experience:

- University degree in telecommunications or electronics or equivalent education (preferably with previous vocational training)
- Sound technical knowledge in one of following products and solutions.-
- Access Network Technology: LAN Switche, ICP/IP, DSLAM, PPP, OSPF, MPLS, or
 - Broadcasting Technology: SDH, WDM, point-to-point radio system, or NGN Technology: switching protocols/architecture including SS7, SIP, H23.
 - Good oral and written communication in English and German.

If you should be interested please send us your English application.

Please note that:

The German Labour Exchange Preselects suited candidates.

The applicants approve off passing on their documents to the employer.
