ZAV – INTERNATIONAL AND SPECIALIZED SERVICES

GD Bildung und Kultur
Programm für lebenslanges Lernen

Bundesagentur für Arbeit

Zentrale Auslands-
und Fachvermittlung (ZAV)

The International Placement Services (ZAV), a department of the German Federal Employment Agency in cooperation with EURES, is recruiting and placing job seekers who are interested in working in Baden-Württemberg, Germany.

On behalf of **J. Schmalz GmbH** we are looking for a:

Software Engineer Frontend Developer (m/f)

Schmalz is a family business with more than 1,000 employees in 17 countries. We are a company with a dynamic development that has managed to rise to a leading international enterprise for vacuum technology. At the beginning of 2017, we are going to launch our start!up SICON in CyberLab in Karlsruhe (Germany) and start offering software services for Schmalz and other companies. Be one of the first to join and help us pave the way to success as a Software Engineer Frontend Developer (m/f) for websites und apps

Your Tasks:

- Design and program different frontend components for Schmalz and other clients
- Program other complex apps for mobile devices by collaborating with your backend colleagues
- Create and prepare the data and its various structures for our industrial end devices (SmartFieldDevice)
- Develop new and innovative HMI surfaces and perform software tests

Your Profile:

You are one of our employees if you have...

- many years of experience in the frontend development and/or a degree in Informatics, Software Engineering
- in)depth knowledge of HTML5, CSS3 and responsive design programming
- a broad understanding of the commonly used JS tools (sass/gulp/grunt/git)
- experience with JS frameworks such as AngularJS, jQuery, and Ecma6 or React.js, Ionic, and ngCordova
- the ability to develop OS systems like Android, IOS and WindowsPhone systems
- a very good command of English. German skills are preferable

Your Future as part of our team

You will benefit from our mixture between an internationally successful family business and a young, dynamic start) up.

You will be working in CyberLab in Karlsruhe – the high)tech start)up incubator in Baden)Württemberg. Your benefits as a SICON employee include not only fair payment but also a varying percentage of your personal participation in the company's success. Flexible working hours are, of course, a matter of fact – your results count!

Are you interested? We look forward to receiving your application documents including the reference numbers in German (or English) at:
