

## Assembly Manager (m/f) (ID: BY-496-BAU)

The employer is one of the world's leading manufacturers of industrial kiln plants for all types of ceramic products, for potential recyclable and hazardous substances, as well as for firing systems for manufacturing carbon products. It also serves new, innovative technologies for the primary aluminium and electronics industry. We offer solutions from one source: planning, engineering, manufacturing, commissioning and service.

The employer is a medium-sized company with head office in Nuremberg, Germany. It belongs to the SACMI GROUP, an Italian corporation dedicated to equipment manufacturing and plant construction with headquarters in Imola and an annual turnover of more than 1 billion Euro.

### Responsibilities:

Execution and supervision of the industrial kiln installation work on a worldwide basis:

- Kiln levelling, mechanical and piping construction, assembly of pipes, hydraulic and pneumatic lines, supervision of the welding work on gas piping of carbon and stainless steel, assembly of the automatic transport and conveying machines and feeding equipment.
- Assignment, planning and supervision of the assembly personnel made available by the customer as well as that of external assembly companies in the field of steel and machine construction, mechanical and piping construction.
- Repairs on kiln plants, installation of mechanical, electrical and electronic components, troubleshooting and functional testing of components, documentation of the fault analysis performed, assembly and optimization of components, devices and plants according to design documentation, quality assurance of the products.

### Requirements:

- Good knowledge of English is essential
- Technical / craftsman training in the metal sector (mechanic, fitter, metalworker, master) and experience in handling large-scale plants is desirable
- The work assignments will take place on a WORLDWIDE basis. Therefore an unlimited willingness to travel is required for this job
- Organizational skills as well as the ability to communicate and to instruct and coordinate a team is important for this task.

### Frame conditions and benefits for employees:

- Working time: Full-time, 40 hours / week
- Permanent employment contract
-
