The Federal state of Baden-Württemberg, located in the south-west of Germany, is one of the most competitive and economically-strong regions in Europe. In addition to many large internationally-active companies, there are also many medium-sized and smaller companies, which are a vital and indispensable pillar of our economy. The job market is stable and the need for skilled workers is great.

Since 1999, we have been designing, developing, operating and maintaining websites and applications exclusively for the financial industry. We are a full-service-provider, with more than 170 employees, located in Karlsruhe, Frankfurt, Berlin, Aachen, London and Zürich.
