Zentrale Auslands-
und Fachvermittlung (ZAV)

The International and Specialized Services (ZAV) are a particular department of the Employment Agency in Cooperation with the network EURES. The ZAV recruits and mediates job applicants, who are interested in an employment in Baden-Wuerttemberg. Our Services for you are, of course, free of charge.

The federal state of Baden-Wuerttemberg situates on the south-west of Germany and is one of the economically strongest and most competitive regions of Europe. Apart from many internationally operating companies also middle-sized and small business are a carrying and indispensable column of our economy. The labour market is stable and the necessity of skilled labour high.

Our companies develop, produce and distribute high-precision grinding machines for the metalworking as well as filter systems for the industrial air purification.

With more than 1500 employees at 14 locations, the family-owned business group is one of the worldwide leaders in machinery and plant engineering. A strong partner for clients who want to benefit at once from the customized solutions, the expert advice, the financing models and the uncompromising service.

To the next possible date, we are looking for a:

Service Engineer (m/w) France

Your Tasks:

- You organize the installation, the commissioning and the start-up as well as the production support for the JUNKER grinding machines for our worldwide clients of the automotive, supplier and tool industry as well as for our German and Czech factories.
- You supervise maintenance work, you conduct it and take care of the restoration
- You solve occurring problems and take charge of the communication between the assemblies as well as of the modifications
- You look after our national and international clients on site
