

Java Developer (m/f) Backend

We are looking for a Java developer (m/f/d) to join our motivated, international team for exciting projects in the historical center of Würzburg.

You will focus on the architecture of the external Plunet API to enable a better integration of our product in our customers' existing structures. You will work closely with our product management and support the team from a technical perspective. At Plunet, it is very important that we as a team share your motivation, and maintain a friendly and respectful atmosphere, where the work of each individual is valued.

In a nutshell

- ☐ Java development – get in touch if you have studied or trained in this field or are a career changer
- ☐ A motivated team in the heart of Würzburg with international customers
- ☐ Respect for your work and a friendly atmosphere are very important to us
- ☐ Exciting projects that involve a lot of independent work
- ☐ A friendly atmosphere, a high level of responsibility and creative freedom
- ☐ Flexible working hours with a digital time account and the option of working from home
- ☐ Fresh fruit, coffee, and experienced table football opponents

Your profile

- ☐ You have trained as an IT specialist (m/f) for application development or have completed a suitable university degree. Talented career changers are also very welcome to apply.
- ☐ Sound knowledge of the design and development of web services (SOAP, REST, JSON & XML)
- ☐ You have already applied your technical knowledge and understanding of design in practice
- ☐ You are also familiar with legacy codes and have ideas for optimization methods
- ☐ Experience with Scrum and/or Kanban
- ☐ You offer good English skills (B2) and moderate German skills (A2 or above) with a willingness to improve

Interested? Then get in touch with us!

Please send us your application (cover letter, CV, certificates) along with your salary expectations and earliest starting date to jobs@plunet.com (with a copy to bproe@sepe.es)

If you have any questions about the position or would like any further information, please feel free to contact our HR-Manager Christoph via the same E.Mail (jobs@plunet.com). We look forward to meeting you!

Next steps

- ☐ We will send confirmation that we have received your application.
- ☐ Christoph will get in touch with you via e-mail to discuss any further points, and, in the case of suitable candidates, arrange a Skype interview
- ☐ As you made a great professional and personal impression, we now want to meet you at our office in Würzburg
- ☐ You will receive feedback from us shortly afterwards
