

## JavaScript Developer (m/f) Frontend

We are looking for an experienced Frontend Developer (m/f/d) to join our front-end team, to start as soon as possible. Plunet's team of developers, product managers and UX designers work closely together to ensure that we are always ahead of the game. The continual improvement of our UI performance and front-end architecture, including the implementation of new features, will be the focus of your activities at Plunet.

### In a nutshell

JavaScript development with experience in Angular – get in touch if you have studied or trained in an IT- relevant field or are a career changer

- A motivated team in the heart of Würzburg with international customers
- Respect for your work and a friendly atmosphere are very important to us
- Exciting projects that involve a lot of independent work
- A friendly atmosphere, a high level of responsibility and creative freedom
- Flexible working times with a digital time account and the option of working from home
- Fresh fruit, coffee, and experienced table football opponents

### Your profile

- You have trained as an IT specialist (m/f) for application development or have completed a suitable university degree. Talented career changers are also very welcome to apply.
- Sound knowledge of HTML5, CSS, JavaScript, front-end to back-end communication, front-end frameworks & tools such as Angular
- Experience with Jira and Scrum, as well as a flair for software architectures
- A good eye for design & interaction and perhaps even some practical experience in prototyping
- You have already applied your technical knowledge and understanding of design in practice
- You offer good English skills (B2) and moderate German skills (A2 or above) with a willingness to improve

### Interested? Then get in touch with us!

Please send us your application (cover letter, CV, certificates) along with your salary expectations and earliest starting date to [jobs@plunet.com](mailto:jobs@plunet.com) (with copy to [bproe@sepe.es](mailto:bproe@sepe.es) )

If you have any questions about the position or would like any further information, please feel free to contact our HR-Manager Christoph via the same E.Mail ([jobs@plunet.com](mailto:jobs@plunet.com)). We look forward to meeting you!

### Next steps

- We will send a confirmation that we have received your application
- Christoph will get in touch with you via e-mail to discuss any further points, and will arrange a potential (Skype) interview
- As you made a great professional and personal impression, we also want to meet you at our office in Würzburg
- You will receive feedback from us shortly afterwards
