

National referencenumber: 8741057

As an international company within the lighting industry XAL connects innovative design with the latest technology. Our lighting solutions are just as sustainable as aesthetic and premium functional - a concept which is successful worldwide. XAL has subsidiaries in the US, Europe and Asia as well as a global partner network. Currently, our team consists of about 1200 employees. We are currently looking for support for our headquarter in AUSTRIA/EUROPE:

1 Technician (m/f) International ERP Projects

- Your responsibilities:
 - Administration and development of Microsoft Dynamics AX
 - Interact and coordinate between IT and other departments involved
 - Customize systems to the requirements of the respective department
 - Design of concepts and specifications
 - Close collaboration with key users in the project, during training and ongoing support
 - Creation of training documents, such as operating and end-user documentation
 - Intensive cooperation with external service providers

- Your profile:
 - Completed technical education (college, technical university) preferably in the fields of IT, business informatics or similar
 - 5 years of relevant professional practice, ideally in the ERP environment
 - Programming skills e.g. in the area of .NET, C++, C #, SQL
 - Experience with working in integrated ERP solutions, typically Microsoft Dynamics NAV or AX, as well as databases and cross-system interfaces
 - Process-oriented and networked thinking
 - Cooperative and solution-oriented personality
 - Open and service-orientated
 - Willing to travel and excellent command of English

- **Our proposition:**

We offer an exciting, fast paced environment in an expanding, international company. The position is geared towards a long-term working relationship. Furthermore, you can expect to take the following benefits:

- Performance-related pay - We are willing to consider payment exceeding that dictated by industry norms dependent on your actual training, qualifications and experience.
- Possible International Career advancement
- Professional and personal development in the XAL Academy
- Social events: teambuilding, events

Information according to. § 9 GIBG: The industry wage agreement for this position is EUR 2,900 pre-tax/month. We are willing to consider payment exceeding that dictated by industry norms dependent on your actual training, qualifications and experience
