

## CNC Programmer :

Our client is a subcontractor, specialized in making parts for bigger machines.

They produce large pieces (up to 7 meters) in small series.

For the expansion of their team they are looking for an extra CNC setter/programmer Heidenhain , on Mori-Seiki machines. Since the small series, you do daily new programming and set up of tools and devices. You are responsible for the complete process : from programming, setting and measuring until finishing the pieces.

## Profile :

- \* You have experience in setting and programming the Mori-Seiki machines with Heidenhain steering.
- \* Strong skills for interpreting a technical drawing
- \* be able to work independently (set up the program, start up the machine and tools, do the measurements, ...)
- \* experience on CNC with Heidenhain
- \* experience on Mori-Seiki machines is an asset

## Offer :

Salary : starting at 14 euro / hour gross salary

Daywork (no shifts)

The company can be reached by train/bus
