

Puesto de trabajo: **TECHNICAL SALES ADVISOR AMÉRICA** (Ref 55697069)

Nº de puestos: 1

Lugar: **Bélgica (Leisele)**

Fecha: 1/3/2017

ANEMO ENGINEERING helps customers with the design of their products; suggest solutions for every application; look for the best product available on the market with shortest delivery time. This is an internal sales job and you will be responsible for our American and Canadian customers.

**Perfil del candidato:**

- Nacionalidad de un país de la Unión Europea.
- You have a technical bachelor degree in electro-mechanics or equal.
- You have good knowledge of excel and speak very good English

**Funciones:**

- You follow up leads, issue quotes and provide technical advice.
- You process their orders and make invoices and delivery notes and package the goods yourself.
- This is a very diverse job:
  - You create website content of technical products and put them into excel (make databases)
  - You update drupal and wordpress websites with keywords
  - You embrace new marketing methods: create video's and publish them online, social media, google add words, frequent blogging...
- In a later stage you will improve our online presence and so generate more leads for your market.  
In case you speak Spanish or Portuguese, you will also be responsible for Central & South America.
- In the future you are okay to start an hour later and to work one hour in the evening from your home office.
- The main product you will sell are camloc quarter turns <https://anemo.eu/quarter-turn/camloc>
