

Puesto de trabajo: **SENIOR SHIPS ELECTRICIAN** (Ref 56074228)

Nº de puestos: 1

Lugar: **BELGICA (ANTWERPEN)**

Fecha: 18/5/2017

NAVITEC MARINE SERVICES in Belgium is an independent industrial workshop specialized in general ship repairs. In our workshop we are fully equipped for all ship repairs. For our interventions we have a fleet of more than 20 vehicles (cars, vans, trucks and mobile cranes). Operating from the heart of Antwerp, Navitec offers repairs and technical assistance to seagoing vessels.

Perfil del candidato:

- Nacionalidad de un país de la Unión Europea.
- You have successfully completed an education in electricity and are familiar with as well as low as high voltage. Additional education in electronics is a pro.
- A minimum of 5 year relevant experience.
- Being familiar with vessels electricity is a pro.
- As many of our jobs are in ports such as Antwerp, Zeebrugge, Ghent, Rotterdam and Dunkerque a driving license is basic requirement
- You have a strong safety mindset and you are able to asses risks as well as taking required safety precautions as well as for your personal safety as for other persons involved,
- Good knowledge of English is a must,

Funciones:

- The preferred candidate has ample experience in analyzing electrical troubles and breakdowns on board of sea-going ships electrical systems.
- Trouble shooting, reporting and formulating solutions to our client is your natural habitat. You are able to analyze electrical problems as well with electrical schemes as without an electrical scheme. Also repairing small mechanical problems is your second nature,
- Flexibility in working hours will be required as our clients their vessels always have a tight schedule in port and waiting times must be minimized as much as possible.

Condiciones laborales:

- Contrato indefinido, jornada completa.

Interested candidates please send CV to Gerald Criel: gerald@navitec.be
