- Education: EU Bachelors Degree in Nursing
- Experience: A minimum of 6-12 months acute hospital experience within the last 3 years in a 200+ bedded hospital
- Registered General Nurse with Nursing & Midwifery Board of Ireland (NMBI), or eligible to register

The Hospital:

St James's Hospital is Dublin's largest Academic Teaching Hospital with over 1000 beds. Leading the way in health care innovation is something St. James's Hospital, Dublin prides itself in.

As the Republic of Ireland's largest teaching hospital with major academic links to Trinity College Dublin, they provide emergency and elective medical and surgical services and employ almost 4,500 multidisciplinary staff.

The position:

St. James's Hospital delivers a wide range of surgical services at a local, regional and national level. The SACC (Surgery, Anaesthesia and Critical Care Directorate) Directorate programme focuses on the surgical patient process from outpatients through to discharge.

Core principles are based around safe, personal, clinically effective and high quality service to all patients, with clear accountability for all staff members. While, the Urology Department provides a service for patients who suffer from problems with Kidney's, Bladder, Prostate and general "Water-Works".
