

SPECIALIST DOCTORS FOR THE REPUBLIC OR IRELAND

Bologna Health Jobs (www.bolognahealthjobs.com) requires specialised doctors in public hospitals (HSE Hospitals) in several cities closed to the airports in **Ireland** for the following specialties for:

Registrar level

Acute medical Unit	Haematology
Anaesthesia	Medical Oncology
Cardiology	Neonatology
Emergency Medicine	Nephrology
Endocrinology	Neurology
Gastroenterology	Paediatrics
General Internal Medicine	Obstetrics and Gynaecology
General Surgery	Respiratory medicine
Geriatric medicine	Trauma and Orthopaedic Surgery

Benefits:

- Initial contracts of 1 year or 6 months.
- Possibility to do Locums through our agency once you have been some time in Ireland (minimum of 6 months) to get some more earnings.
- Approximate net monthly salary of **4500€ net/month** after tax and pension deductions.
- 18 study days leave per semester maximum to attend conferences or further education for Registrar posts.

Requirements and Qualifications:

For **Registrar level applications** the following requirements apply:

1. The candidates will have to register with the IMC (Irish Medical Council) at least in the General Register for Registrar posts (if they haven't done so yet). Assistance will be granted to do this and we will help you all the way through. Please take into account that the registration process typically takes up to 3 months since doctors start the paper work so it will be advisable to start ASAP as doctors can't take up a job place till they are registered.
2. Candidates should have a minimum experience of 5 years experience in the chosen specialty. All candidates that have just finished their specialty or are going to do it in the near future will be highly considered for this post.
3. The level of English requested is very high (equivalent at least to a C1 level). HSE recommend to pass the IELTS exam if you want to increase the possibilities to find a job, with an average of 7 and a minimum of 6.5 for each section
4. All doctors should have completed their specialist training in a country of the EU or had their specialist title recognized in one of these countries. All candidates that have finished their BMQ in a EU country (or have convalidated this title in a EU country) and have been at least 3 years practicing in the chosen speciality in a EU country can be considered for a post as a registrar in Ireland.

Application:

All candidates who are interested should send a **detailed CV in English** to the following e-mail address: viviana@bolognahealthjobs.com.

With copy to eures.grupomixto@sepe.es

Please specify on the subject of the email the **specialty** and **grade** to which you are applying. Extra and more precise information on the job places will be given once we receive the CVs.

Closing date: 10 June 2017
