

Job Vacancy

SPECIALIST IN PATHOLOGY Haugesund Hospital, Noruega

Description of Company

Helth Fonna HF have more than 3000 employees who have their goal of providing the best possible care to our patients. Helth Fonna covers 19 municipalities with around 180 000 inhabitants.

Haugesund is a city in the region West of Norway. Haugesund is the regional center for 100.000 inhabitants. Even though Haugesund is not big, it has almost everything you will find in a big city. The city offers also a lot of cultural activities as a jazz- and film festival.

When you are not working, we have a grate region for you to explore in the weekends. The area around Haugesund, Haugalandet, is called the Homeland of the Viking kings and Norway's birthplace. A variety of experiences are waiting for you!

From Haugesund airport it takes 20 minutes to the central of Haugesund and to Haugesund hospital.
