

Lift Engineer to relocate to Scotland

EURES Ref. : 4913574

ORONA's activities are focused on the design, manufacture, installation, maintenance, and modernization of lifts, escalators, moving ramps and walkways. Operating in **99 countries**, we have **180,000 lifts** worldwide using our technology. With **2 manufacturing plants** Orona is **Number 1 in Europe** in terms of complete lift production capacity.

We are looking for a **Lift Engineer to join our Service team in Aberdeen**. As an experienced Lift Engineer you will be responsible for:

- Carrying out regular planned preventative maintenance and service visits
- Attending lift breakdown callouts to carry out minor lift repairs
- Meeting agreed customer response times, building relationships with our clients
- Providing regular updates to the Service Manager and becoming an integral part of the regional 24/7 Standby/Callout rota.
- Solving issues across a portfolio of Orona and competitor lifting equipment and carrying out basic LG1 examinations
- Problem solving and working on your own initiative

We strive to be a great place to work and to offer a wide range of experiences and opportunities that will help you to achieve your career and personal goals.

Benefits include:

- Company vehicle
- Opportunities for overtime
- All necessary equipment and safety training to keep you safe
- A pension scheme that you will be automatically enrolled into after 3 months which both you and the company contribute to
- 25 Paid company and 8 public holidays
- A minimum level of life insurance
- Access to Childcare Voucher scheme
