4 Senior Project managers

About the company: Conmore Ingenjörbyrå

Conmore (www.conmore.se) is an engineering company that mostly work in the automotive industry. Our customers are international companies that are well known world-wide. Our personnel policy is that our employees should be working in a healthy environment, that means we are not using project employments. We are using fixed salary regardless of the project you are working with. Number of employees: 130

Vacancies description:

We are looking for you that have a great interest in both management and technology development. You enthuse, is educational and communicative - and have a passion to share your knowledge and to develop others. You have the ability to have an overall perspective when required, but you can also focus on the details. You see solutions where others see problems and you have a genuine interest in the customer's unique situation - something you also want to convey to your team members.

Essential requirements:

- 6 years experience of project management
- At least 2 years of experience in the automotive industry.
- Bachelor degree or higher.
- You are structured
- Good leadership
- Good communication skills.
- Be responsible
- Good knowledge in speaking and writing in English.
- Valid driver's license.

Working conditions:

Workplace: Gothenburg

Hours per week: 40

Contract: PERMANENT (6 months probation period and then on to permanent position.)

Starting date: 22nd May
