VOLVO CAR GRADUATE PROGRAMME (Convocatoria abierta hasta 10 de diciembre)

The path you choose today, will have a big impact on the future. As a graduate and member of the worldwide Volvo Cars team, you'll have about 35 000 colleagues around the world. Together we make life simpler for people by providing safe, sustainable and convenient mobility, making a positive contribution to society.

A programme designed around you: For 18-24 months you'll be fast tracked through the heart of our business. We'll design the programme around your strengths and ambitions and you will enter a programme consisting of:

- **Individual career development:** Supported by your home manager and a personal senior mentor
- **Corporate development module weeks:** With all graduates together, each module week focusing on different aspects of our business and your personal development
- **Functional and cross-functional rotations :** After starting in your home function, you and your manager plan how your following rotations will look like based on your individual development plan and from a timing perspective
- **International rotation:** Minimum 1 rotation will be outside your home country and you will plan for this with your home manager after you started the programme
- **Go out and see activities:** Get a deep and broad understanding of the organisation by experiencing the Market, Production and Executive Management Team environment
- **Graduate projects:** Besides working in operational projects and positions, the graduates also work together in groups on corporate assignments

After the programme you continue your career within Volvo Cars in a role agreed upon by you and your home manager.

Do You want to change the world with us?

We are looking for Graduates who are full of energy, committed to success and eager to make a difference. You see yourself as a future leader, you like to organise and inspire people to achieve together. You're able to manage complex situations and see the bigger picture. You are open to change and are curious to discover
