**Bravida** is a leading multi-technical service provider in the Nordics, with more than 10 000 employees. Bravida delivers specialist services as well as complete electrical, heating and plumbing, and HVAC solutions, offering everything from design and project planning to installation, operation and maintenance. Bravida is represented in around 150 locations in Sweden, Norway, Denmark and Finland. [www.bravida.se/en/](http://www.bravida.se/en/)

### Why Bravida?

Bravida continues to grow and as one of the Nordic countries leading technical contractors, we create commitment and results as a team. Bravida in Varberg has currently several exciting larger projects in progress and we are looking for you who want to become part of our team. Are you ready for your next challenge? Welcome with your application! Bravida includes departments who projects installation and service of electricity, plumbing and heating and ventilation. You will be part of a team with great competence and long experience. Bravida has been ranked as one of Sweden's best employers for several years in a row. We are therefore one of the best placed contractors in the construction industry - something we are very proud of! At Bravida we work in teams and we achieve results together. A good working environment is the key to our success. As a Bravida employee, you receive a number of benefits such as healthcare benefits and preferential insurances.

### Essential requirements: Who are you?

We are looking for you with professional pride and who have experience working as a ventilation technician. It is

EURES ESPAÑA. Síguenos en

y en

favourably if you have experience in OVK inspections, adjustments of airflows. B driving license is also a requirement since the assignments are located in Varberg with surroundings.

**Desirable requirements:**

As a person, you are service minded and work with our customers best in focus. You perform your work in a careful and quality manner and can work independently and enjoy your own responsibility. We see that you are a social person with a great interest in technology that are proud in the profession and can contribute to our positive team spirit in the workplace.

**Work assignments:** As ventilation technician you will work independently in many different types of service assignments. No day is the other equal! In the job you will plan, coordinate and perform service to our different customers. Your duties will consist of:

- Services in ventilation, cooling, control and control technology
- Daily contact with our customers
- Troubleshooting and action proposals
- Adjustments of airflows in ventilation plants
- OVK inspections and actions

You will also be responsible for performing each service mission according to our high standards of quality and safety. The work involves both technical problem solving and a lot of contact with customers.

**Place of work:**Varberg **Hours per week:**Full time

**Contract: (permanent, temporary):**This is a permanent position with 6 months probationary

**Starting date:** As soon as possible

**Salary:** According to Swedish law and collective agreements in which the conditions in each sector are determined by the trade union and the employer organisation.

**How to apply:** Application with CV and Cover letter by e-mail to EURES Adviser Susanne iwarson [susanne.iwarson@arbetsformedlingen.se](mailto:susanne.iwarson@arbetsformedlingen.se) (con copia a [eures.nordicos@sepe.es](mailto:eures.nordicos@sepe.es)) or visit the Recruitment event in Madrid October 25 and meet a Swedish EURES Adviser. <https://www.europeanjobdays.eu/en/events/eures-nordic-baltic-job-day-madrid-2017> Last application date: November 15 2017
