

1. TITLE OF THE CERTIFICATE (ES)

**Certificado de Profesionalidad de nivel 3 en
IFCD0210 DESARROLLO DE APLICACIONES CON TECNOLOGÍAS WEB**

2. TRANSLATED TITLE OF THE CERTIFICATE (EN)

**Professional Certificate Level 3 in
IFCD0210 DEVELOPMENT OF APPLICATIONS WITH WEB TECHNOLOGIES
(This translation has no legal status)**

3. PROFILE OF SKILLS AND COMPETENCES

The holder of this certificate will have acquired the **general competence** to develop the documents and software components that constitute computer applications in distributed environments using web technologies, based on a previously prepared technical design; and to carry out their verification, documentation and implementation. This general competence is divided into the following **skills units** (UC):

- Develop software elements in the client environment (UC0491_3).
- Develop software elements in the server environment (UC0492_3).
- Implement, verify and document web applications in Internet, intranet and extranet environments (UC0493_3).

The professional skills are acquired through the **learning outcomes** defined within the related Training Modules (MF):

- Web programming in the client environment (MF0491_3).
- Web programming in the server environment (MF0492_3).
- Implementation of web applications in the Internet and extranet environment (MF0493_3).
- Practical training at the workplace in Development of applications with web technology (MP0391)

(See legal basis for all learning outcomes information acquired by the holder of this Certificate in each MF).

As a reference the learning outcomes include in the Practical training at the workplace that complete and reinforce the learning outcomes acquired in the other training modules, are:

- Take part in the analysis, design and development of systems using web technologies.
- Collaborate on the evaluation of the usability and accessibility of web systems.
- Take part in the company's working processes, following the rules and instructions established at the workplace.

4. RANGE OF OCCUPATIONS ACCESSIBLE TO THE HOLDER OF THIS CERTIFICATE

The holder of this certificate may work above all in the services sector, but also in all productive sectors, given that the object of the activity is to distribute information both internally and externally to the organisation in which the activity is carried out; as well as in the following types of companies: software development companies with web technologies; companies whose business purpose is the sale of computer application services analysis, design and construction for intranet, Internet and extranet network infrastructures; and companies or organisations that use computer systems for their administration. The most pertinent occupations and positions are:

- Computer application programmer.
- Web technician.
- Web programmer.
- Multimedia programmer.

5. OFFICIAL BASIS OF THE CERTIFICATE

Name and status of the national/regional authority providing accreditation/recognition of the certificate

The Ministry of Employment and Social Security or the corresponding autonomous regional administration within the scope of its competence, in the name of the King. The certificate is valid throughout Spain.
